

# PEAR POWER IS AWESOME!

EATCANNEDPEARS.COM

*READY-TO-EAT ANYTIME!*

Bartlett pear trees bear fruit for as long as 100 years, making them older than your average superhero. Like superheroes, pears hang cool (they grow in temperate climates) and are totally popular (humans have enjoyed pears throughout history).

Just like me, pears have circled the globe, starting in western China and spreading north and south along mountain chains.

Pear power is awesome!
