Method

Poach the shrimp: Set a bowl of ice water next to your stove. Fill a medium saucepan with water and bring it to a boil. Add the shrimp and cook until just pink, about 1 minute. Use a slotted spoon to remove the shrimp and immediately dunk it into the ice water. This will stop the residual heat from overcooking the shrimp. Let it sit for about 5 minutes, then drain well. Cut shrimp into 3 to 4 pieces, similar in size to the diced pears.

Prepare the ceviche: Combine the shrimp and all remaining ingredients in a large serving bowl, mix gently to combine. Serve with corn tortilla shells, sliced cucumber, or chips for dipping, if desired.
